Re: Lightolier, Fox Valley Manufacturing Division's  
Response to Information Request Concerning the  
U.S. Scrap Site and the Ninth Avenue Dump

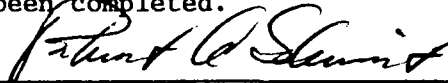

Dear Ms. Swales:

This letter responds to the United States Environmental Protection Agency's ("EPA") request for information relating to the U.S. Scrap Site and the Ninth Avenue Dump, which Lightolier, Fox Valley Manufacturing Division ("Fox Valley") received on August 25, 1988.

A thorough review of our records demonstrates that Fox Valley did not, at any time, send waste to the U.S. Scrap Site or the Ninth Avenue Dump. Moreover, our records indicate that, during the time period relevant to your request, Fox Valley did not arrange for the disposal, treatment, or transportation of any waste materials with U.S. Scrap Corp., Liquid Engineering, U.S. Drum Corp., U. S. Drum Disposal, Steve Martell, or David Head.

Accordingly, Fox Valley is not a potentially responsible party (PRP) at either the U.S. Scrap Site or the Ninth Avenue Dump, and we request that EPA provide Fox Valley with a written declaration that Fox Valley is not a PRP at the sites. If EPA, however, has information linking Fox Valley to the U.S. Scrap Site or the Ninth Avenue Dump, I request that this information be provided to me immediately. To the extent that this request requires a formal Freedom of Information Act request, please treat this letter as such a request, and reply within the mandated ten-day period.

I certify that all information contained herein is true and accurate to the best of my knowledge and belief, and that a diligent search for all documents responsive to your request has been completed.
